Come to the Clearwater Coast Guard Air Station and see the flying aircraft of the United States Coast Guard. Tour the station and get inside the Helicopters and C-130 aircraft of the Coast Guard. The entire family is invited, the only expense is lunch

3-2-1-Rocket Launch & Tailgate Party

PCC (now PSC) Running Track
Corner of Avenue K NE, Lake Marthe Dr NE, There is a large open field for our rocket launch.

Tentatively scheduled at PSC, we are going to launch the Den Rockets. This event will be an opportunity to see a hand made rocket fly to great heights. Cub Scouts that have their own rockets are encouraged to bring them for the event. We will have a landing contest to see which Den can land their rocket nearest to their target. All disposable rocket engines are supplied for the Den rockets. If you bring your own rocket, please bring your own engines (for 500 foot flights or less.) Afterwards, we will have a tailgate party for lunch. Pack will supply beverages and water during the Launches and for the Tailgate party. Just like the Space Shuttle, this event is weather dependant (wind) so please check the website (Pack123.org) for potential rescheduling or call Allen Wyatt at 863.293.4878 the night before! The entire family is invited, there is no expense. Please pack a picnic for tailgate party!
